

Washable Power

Easy Clean & Resistant to scrub
With "3M Stain Resistance Additive", this innovative technology from 3M, the United States, can elevate 4Seasons color film become easy-clean, resistant to scrub, and effective in preventing stains.

Cool Power

Heat Reflection & Energy Saving
From the special benefit of Super Titaniumdioxide (TiO2), the paint film gains the higher performance in heat reflection up to 95% against solar radiation. It can cool down up to 12% of an indoor temperature and can reduce up to 38% of energy saving cost.

4 Time Durable

High Adhesion & Resistant to All Climates
With "Dual Action Technology", it is integrated with "Nano molecule" of pure acrylic that makes the paint film become higher adhesion property and can penetrate to substrate deeper. The paint contains high quality of Titanium, which one of the most durable metals in the world. It makes color film resisting to severe climate conditions at least 4 times ahead other brands".
Note: *Testing method: By Thai Industrial Standards Institute (TISI) comparing with general emulsion paints.

Healthy Power

Safe for Users & Environments
4Seasons is lead-free and mercury-free and has low odor and low VOCs. It is considered as a green product that is safe for users and environmental-friendly. 4Seasons is approved as a "Green Production Process" by Green Label (Thailand) to assure that we bring the best care from the begin to the end users.

Durable Power

Color Durlock is a new technology developing by TOA's Research & Development department to make sure that our 4 Seasons responds to our customer needs, usages, and fixing point problems.

- **Color Lock** : Colors are from premium pigments that are long-lasting and non-fading.
- **Durability Lock** : Resistant to severe climates for exterior & Durable to scrub with excellent washability.
- **Resistance Lock** : Resistant to paint problems, such as, dirt pick-up, fungus, algae, etc. on walls.
- **Coverage Lock** : Superior hiding power and coverage. The paints can cover old surface and easy to apply on various substrates.

- 4 SEASONS TropicShield**
100% Pure Acrylic Water-based for Exterior
• High durability under severe climate conditions up to 3 years
• Excellent dirt, fungus, and algae resistance
• Superior hiding & coverage
- 4 SEASONS TopSilk**
100% Pure Acrylic Water-based Mid-Sheen for Interior
• Mid-Sheen finishing
• Excellent washability
• Excellent dirt, fungus, and algae resistance
• Superior hiding & coverage
• Low odor & VOCs
- 4 SEASONS TopMatt**
100% Pure Acrylic Water-based Luxurious Matt for Interior
• Luxurious matt finishing
• Excellent washability
• Excellent dirt, fungus, and algae resistance
• Superior hiding & coverage
• Low odor & VOCs
